

# FIRST

Forum of Incident Response & Security Teams  
**Technical Colloquium**

The RITZ-CARLTON Hotel, Doha-Qatar, April 12-16 2007, Sponsored by CERT/CC, Hosted by Q-CERT, ictQATAR

FIRST is the premier international organization and recognized global leader in computer security incident management and response.

Acceptance into the FIRST community provides affirmation that the member adheres to high standards and best practices in information security, and improves the collective capabilities of the organization by sharing security tools, techniques, and specialized knowledge amongst its members.

The Doha TC marks the inaugural FIRST event in the Middle East region, commemorating the recent introduction of Q-CERT into the FIRST community.

The program begins on Thursday, April 12th with a series of presentations on the topic of "Managing Organizational Information Security". The program will describe the Qatari national program in Information Security, and its engagement model with national, regional and international partners.

This is followed by a day of technical meetings, on Friday, for FIRST members only.

The remainder of the program on Sunday and Monday will consist of open presentations and workshops, on topics such as:

- Cyber Crime and Cyber Forensics – Trends & Techniques
- Fraud, Identity Theft, and Phishing
- Incident Management & Response
- Vulnerabilities & Exploits
- Organizational Risk Assessment & Management
- Managing Information Security of High-Profile Special Events
- Network Flow Analysis & Monitoring and special case studies from around the world

A special open session on "The State of Cyber Security in the Gulf Region" is scheduled for Sunday.

The program format is shown below. The event will be held at the Doha Ritz-Carlton Hotel, one of the premier hotels of the Gulf region.

Up-to-date program details along with registration, travel, and lodging information for the event can be obtained by clicking the FIRST events link at <http://www.qcert.org>
